Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: upon reconsideration of the prior art in view of the amendments to the claims and applicant's remarks filed August 8, 2005, the claims are allowable over the art of record for the reasons stated herein. The claims positively recite a liner connected to a closure and/or container opening, and are thus considered to be drawn to the combination. The prior art of record does not teach a liquid impermeable, gas permeable closure cap liner of at least three layers, the intermediate liner of resilient foam material, the liner having at least one perforation extending through the at least three layers. The recited function of the foam layer expanding and compressing to facilitating the passage or prevention of gas flow through the at least one perforation in response to pressure differential in the closure and/or container environment as set forth in the claims is not taught, suggested or otherwise present in the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robin A. Hylton whose telephone number is 571/272-4540. The examiner can normally be reached on Monday-Friday 9:00 am - 4:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nathan Newhouse can be reached on 571/272-4544. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
